

A photograph of a bride and four bridesmaids standing in a field of tall, golden-brown grass. The bride is in the center, wearing a white wedding dress with a large white bow at the back, and is smiling over her shoulder. She is surrounded by four bridesmaids: two in light blue dresses and two in light pink dresses. All five women are wearing floral crowns and have their arms around each other. In the background, there are green trees and a large, forested mountain under a blue sky with some clouds.

## Designer Wedding Albums

"Oh wow .. It's amazing. I can't find the right words to go with what you've created but it's so perfect and wonderful!! I feel like I just relived the entire day and I actually teared up!! Seriously!! It's beautiful Rachel. I'm so happy we found you and I just can't thank you enough. It's amazing."

- Laura-

Your wedding day album is your ultimate keepsake and what you will look at and cherish for years to come. It is truly priceless and uniquely yours.

My designer wedding albums are not your run of the mill one image per page album. My albums truly capture and tell the story of your wedding day. The blending of images together gives a romance and elegance that truly captures your story. Clients pick their own images and I weave together the story. I share a version of the album with you so you can approve it before it goes off to the printer.

All albums are bound in leather and have a seamless gutter, allowing for more images on the page. The spreads are printed onto thick pages and are smear and smudge proof. Every album comes with 15 spreads and/or 30 pages. You can always add additional covers, spreads, and more.

Getting together and sharing my albums in person is the best way to see their true beauty.

Please let me know if you would like to set up a meeting.

## Facts & Questions

### 1. What is it like to work with me?

From beginning to end, I want your experience with me to be as enjoyable and fun as possible. I love helping in any way I can during the planning process. Whether it is a scheduling question or an opinion on colors, I am always here to help. On the day of your wedding, my goal is to let you two be you and create something beautiful and emotional in all the chaos, nerves, and joy. I always arrive with a smile and I don't make you pose awkwardly. Rather I wait for moments and prompt you with cues. I still get teary-eyed during vows and speeches and I've been known to bust out a dance move or two if the mood should strike. Mostly I aim to capture those fleeting moments that go unnoticed on your wedding day, the ones you end up cherishing forever.

### 2. What is a Fine Art collection?

All my clients receive a Fine Art collection. These are my favorite 50 images of the day. They tell your love story and will reflect the vision we discussed during your preplanning meeting. These images will be shared 7-10 days after the wedding day, so you have something immediate to share with your friends and family.

### 3. What is the difference between a Designer Album and a Wedding Book?

**Designer Wedding Album:** My designer albums truly capture and tell the story of your wedding day. They are not your run of the mill one image per page album. A Designer Album is a custom in-house album. You choose the images and I weave them together to tell the story of your wedding day. All the images in the album are given extra attention and cleaned-up to look natural but flawless. The albums lay flat with no gutter and have smudge and waterproof thick pages. The design is printed directly on the pages leaving a stunning and long-lasting product you will cherish forever. The blending of images together gives a romance and elegance that truly captures your love story. Every designer album comes with 15 spreads and/or 30 pages. It is a collaborative process and can be size 10x10 or 8x8. Getting together and sharing my albums in person is the best way to see their true beauty. Please let me know if you would like to set up a meeting. Your wedding day album is your ultimate keepsake and what you will look at and cherish for years to come. It is a priceless memory and uniquely yours.

**Wedding Book:** The wedding book is a collection of 50 images from the Fine Art collection that tells the story of your wedding day. It is printed on an 8x10 wedding book with a linen cover on high-quality gloss paper. The book highlights my favorite moments from the day and is a wonderful keepsake to go along with your hourly coverage.

### 4. When will we receive our the images?

You receive your Fine Art collection online 7-10 days after your wedding. The final wedding edit and an online gallery will be shared 4-6 weeks after your wedding date.

### 5. We're awkward in front of the camera, what should we do?

I think 90% of everyone I meet feels this way, you are not alone. I always tell people it is so surprising how on the actual day of, when you are with your partner, and everyone you know and love is in one place, how oddly at ease you will feel. This being said, I always give you cues and capture those in-between moments that are happening naturally.

### 6. How many images do we receive in the final edit?

It is a minimum of 100 images per hour of coverage. Most people end up with 7 to 8 hours of coverage and end up with a gallery of 800-900 images. Of course, I shoot a lot more the day of, like 3000-6000 frames but I edit it down to the best of the best.

### 7. How do you set up payment?

Most clients do a three-payment plan with 25% of your package due upon signing (this acts as your security deposit). The second payment is for 50% and the final 25% is due one month before the wedding day or at your preplanning meeting.

### 8. What if we want to create our own Package?

Every wedding, every client, and every love story is different. I love creating custom packages to fit whatever your needs are. Drop me a line, I would love to hear from you.

### 9. We like what we see what are the next steps?

I would love to hear from you. Please drop me a line and let's connect today.

## Reviews

“Rachel's photojournalism background really shows in her beautiful work. I am so happy we chose her to do our wedding photography and engagement photos. We are not the 'lovey dovey' type but she still was able to capture some great moments between my husband and me. She is also so great at keeping a calm presence and helping facilitate with the other vendors when I really needed it. She also spent the time to meet with us on several occasions and recommended adjustments to the timeline that really saved us in the end. We couldn't have been more happy with Rachel LeCrone Photography.”

Amanda-

“Rachel was so wonderful to work with! She is very friendly and professional - I got so many compliments about her from family and friends. She captured every detail of our special day without being distracting. My husband and I aren't really used to being in front of the camera that much, and she really made us feel at ease. It's only been a few weeks so we haven't seen the finished photographs yet, but we know that she does top quality, amazing work and we are so excited to see them.”

Nicole-

“Rachel did an amazing job with our wedding photography. I could not imagine my wedding day without her! She made sure we kept on schedule and used her creativity and talent to capture our amazing day. She went above and beyond and was a blessing to work with. I would definitely recommend Rachel LeCrone Photography to anyone who wants to capture their truly magical day!”

*A bit about me*

I am lucky enough to live in the city I love and do a job that brings me so much joy. In 2006, after receiving my BA in photojournalism from Ohio Univeristy, I left my hometown of Chicago. With only my car and camera, I moved to Portland and fell in love with the PNW. I met my husband at my first rental on Alberta street. Currently I fill my time with my two adorable and energetic sons, my chickens, and alot of chocolate.

A romantic wedding photograph of a couple in a vineyard. The bride, wearing a white strapless gown with a voluminous, multi-layered ruffled skirt, is seen from the back, leaning into the groom. The groom, in a black tuxedo, is holding a clear, dome-shaped umbrella over both of them. They are about to kiss. The background features rows of grapevines with yellowing leaves, suggesting an autumn setting. Pink roses are visible in the lower right foreground. The overall mood is intimate and romantic.
